

Helicopters Used as Lifting Machines

Chapter 296-829 WAC

Index

A

Access and exit, **300-2**

B

Briefings, **400-2**

C

Cargo hooks, **200-2**

Class A, B, and C fires, **300-3**

Competent person, **200-2**
definition, **500-1**

D

Deadman controls, **300-4**
definition, **500-1**

Definition, **500**

Deposit area, **300-2**
definition, **500-1**
landing, **300-2**

Design and installation, **200-1-2**

Downwash, **300-2**
definition, **500-1**

E

Equipment, fire extinguishing, **300-3**

Exemption, logging industry, **100-1**

F

Federal Aviation Administration (FAA)
requirements, **200-2**

Fires, **300-2**

Fueling, spills, **300-4**

Fueling, and refueling, **300-3-4**

G

Ground device, **400-4**
definition, **500-1**

Ground personnel, visibility, **300-2**

H

Hand signals, **400-5**

Helicopter cranes, **200-2**
definition, **500-1**

Hoist wires, exemption, **400-3**

Hooks, testing, **200-2**

Hovering craft, **300-2**

J

Jet B type fuel, **300-3**
definition, **500-2**

L

Landing and deposit areas, **300-2**

Loading operations, **400-4**

Loads, **400-3**

Loose-fitting clothes, **400-2**

Loose gear, **300-2**

M

Maintenance, **300-1-4**

N

Nozzles, self-closing, **300-4**

O

Operations, loading, **400-4**

P

Pilot, visibility, **300-2**

Powered hoist, **100-1**

Precautions, suspended loads, **400-3**

Pressed sleeves, **400-3**
